

Statement of Evaluation

ISO 20400 Sustainable Procurement - Guidance

This document states that the procurement function of:

Kier Group

2nd Floor

Optimum House,

Clippers Quay,

Salford, M50 3XP, United Kingdom

have been evaluated by Action Sustainability Ltd against ISO 20400:2017 Sustainable Procurement – Guidance.

It was found that *ISO 20400:2017* needs to be further embedded into the procurement policy and strategy to ensure sustainable procurement is aligned from the Group sustainability strategy all the way to day-to-day procurement processes.

Kier Group achieved an independently evaluated score for their organisation of 3.26 out of 5 - this equates to being assessed as 'Mature' for sustainable procurement.

ISO 20400:2017 is a Guidance standard, not a Requirements Standard, and is therefore not certifiable. This Statement is solely a record of the independent evaluation undertaken by Action Sustainability Ltd on behalf of Kier Group.

Date of evaluation: July 2025

For and on behalf of Action Sustainability Ltd

M.D'silva

Lead Assessor: Mellita D'silva

D. van de Wijdeven

Evaluator: Dyanne van de Wijdeven
